continuing the service. I asked the gentleman in charge to wait one more month so that we could distribute the number on campus.

This listing is only a beginning. If you know of other organizations, businesses or offices providing TTY service. Please send them to Janet Bailey, Chapel Hall, and we will publish them in a future issue.

BLOOD DRIVE

On Monday, July 30, the Student Union will sponsor a special summer Blood Drive between the hours of 10:00 a.m. and 2:00 p.m. in the old cafeteria (new gameroom) of the SUB. The program goal will be for 50 units and most of the blood from this drive will be used to match and replenish platelets of leukemia patients. The Red Cross has expressed a serious need for contributions during the summer months due to increased demands for blood and a decreased number of large blood drives in July and August. We hope that you will find a half an hour in your day to donate. Appointments should be made in advance by contacting Susan Lyon, Program Coordinator, ext. 629.

THEATRE OF IMAGINATION

The McLean Community Center's Theatre of Imagination will present a family show entitled, "Sons & Suns: Styles & Struggles." Their cast and crew, ranging in ages from 13 - 15, will use mime, story theatre, vocal chorus, and masks to dramatize children's folk literature from around the world. Showtimes are Friday, July 27 and Saturday, July 28 at 3:00 p.m. & 8:00 p.m. with a Sunday matinee on July 29. Tickets are \$1.00. Interpreters will be hired for shows that Gallaudet students wish to attend. For more information contact Kathleen Costello, TTY 827-8255.

A GIANT TTY

Giant Food (AMEX) has installed an automatic answering telecommunication service for the hearing-impaired. The service will be available during regular hours on weekdays from 8:30 a.m. to 5:00 p.m. After regular hours, callers may leave a message and have their calls returned. Hearing-impaired individuals will be able to utilize the device to communicate directly with Giant's customer service operators. The TTY device has two phone lines to provide service to hearing impaired shoppers. The Giant TTY number is:

Washington Metro Area - 341-HEAR

Baltimore Metro Area - 995-HEAR

Giant has received numerous awards for various programs of providing shopping facilities for the handicapped. Most recently, the company received the 1979 Governor's (Maryland) award for a Barrier Free Store Design. The company will also soon complete conversion of all of their 117 stores to provide access free shopping facilities for the handicapped. Such facilities include special reserved parking spaces, entrance and exit ramps, special gates at the cart corral entrances for wheelchaired shoppers, lavatory facilities and checkouts wide enough to accommodate wheelchairs. Barry F. Scher, Director of Public Affairs and a member of the Maryland Governor's Commission on the Handicapped, said, "We strongly believe that handicapped shoppers should have all the rights and privileges of non-handicapped shoppers. The installation of Giant's new TTY system provides another important service to the handicapped. We hope that members of the hearing-impaired community will utilize the device to seek answers to food and pharmacy related questions, to order specially prepared baked goods or party platters or simply to voice their opinions, comments or suggestions."

MAKE THE BEST USE OF YOUR TEMPORARIES

The National Association of Temporary Services, Inc., will offer a short presentation on making the best use of your temporaries. The presentation will be in room 163, HMB, at 10:00 a.m. on July 18th. If you have any questions, please call Kay Cobb, ext. 306.

HERE, KITTY, KITTY!

AMONG OURSELVES

--"Stockholm-'79," an international symposium on Sign Language research, took place June 10-16 in Sweden. Representatives from Denmark, Norway, Finland, Great Britain, Belgium, West Germany, the Netherlands, Sweden and the U.S.A. met to share the results of linguistic research on the Sign Language used in their respective countries and to discuss possible solutions to some of their common problems. Attending from Gallaudet were Charlotte Baker, Gil & June Eastman, Barbara Kannapell and Eric Malzkuhn.

Judging from their reports the symposium was quite a success and a second international symposium is now being planned for 1981 in Bristol, England.

--Ruth Seth Funderburg directed the third annual national symposium in the area of the multiply handicapped entitled, "The Learning Disabled Hearing Impaired Child," on Gallaudet's campus, June 18-22.

--Mike Woodford has recently been featured as a song interpreter with the popular group, Pegasus. They have delighted audiences at the Italian Garden in College Park. Those interested in attending should contact Mike in the Sign Language Programs.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
